YORK[®]

FURNACE FAMILY

At York, we tend to think the best furnaces are ones you never have to worry about. So every single York Latitude Series Furnace has been built to perform efficiently and reliably year after year. With affordable models that fit nearly any home, our Latitude Series makes the choice easy. So bring on the cold weather. You and your family are about to get comfortable.

Quietly making a difference in your home.

Our Latitude Furnaces are different by design. Computerized controls help circulate heat efficiently and evenly through your home, cutting energy bills by as much as 25 percent compared to your older furnace. Cabinets are streamlined for easy installation in closets, attics or garages. Set your mind at ease, too. York's 80% Latitude Furnaces are backed by a 20-year heat exchanger warranty plus a 5-year limited warranty on parts. And our 95% Latitude Furnaces are covered by a limited lifetime heat exchanger warranty as well as a 5-year limited warranty on parts. Talk to your York Dealer for all the comforting details. That's the kind of assurance you can't find just anywhere, but you can always expect from York.

How to stay comfortable for years to come.

York and your York Dealer are proud to offer the YorkCare™ Comfort Plan. It's designed to maintain your system as well as your peace of mind. With up to 10 years of total coverage available, you can ensure your unit is effective and efficient for years to come.

What's more, your York Dealer offers maintenance agreements that provide upkeep while maximizing the warranty provisions. Ask about the YorkCare Comfort Plan. A little extra coverage is always a comforting idea.

Long story short: the history of York design.

You've probably enjoyed York engineering for years without even knowing it. We have, after all, designed and implemented heating and cooling systems in some of the world's most famous structures, including the U.S. Capitol building, India's Taj Mahal, the Sydney Opera House, the entire U.S. Navy nuclear submarine fleet, and even venues such as your local mall and corner bank.

■ There's a reason people trust us with the big jobs. We've been doing this a long time. Over 130

years, in fact. In that time, we developed the first successful room air conditioner and cooled the world's first theater, hotel and office building.

We're constantly leading the industry in our design and our technology. And our commitment has earned our products

the Good Housekeeping Seal of Approval. No matter what the scale, chances are we've developed an efficient, durable and effective solution for it.

■ Which is all a way of saying this: You can depend on York to give you the choices you're looking for and

the designs that will keep you comfortable year-round, year after year.
